NEWS FROM OLD SUBSCRIBER Guilford, Mo., Jan. 11.—Inclosed find \$1.50 to advance my subscription another year on the Journal. It has kept me in touch with my old schoolmates, associates and neighbors of more than fifty years ago. While there are but few left of those yet there are some left, as I learn from reading the Journal. One in particular, Cousin Peggy Ann Hocker, I think that was her name. Any way she is the widow of Cousin Dick Hocker. When I read that item it carried me back to my childhood days, which made me feel like exclaming in the language of another:

Cousin Dick and wife used to visit Uncle Phillip and Aunt Dick and wife were young married folks, I could tell you of a good many happenings and besides the day dreams I had as young as I was. day dreams I had as young as I was. I am a strong believer in those air castles—some would, term them—but I give them, I think a more appropriate name and call them day dreams. I hardly think it necessary to speak of the war, as I presume it is about the same the world over. We are having and have had some pretare having and have had some pretty cold weather. December was un-usually cold for that month. Quite a blizzard came over the top night be-fere last and continued all day yes-terday and a greater part of last night. In the meantime four or five William Callahan and John Cody, young men of Whitesburg, fought a night. In the meantime four or five inches of snow fell, which constitutes the most snow we have had his winter, which the wheat raisers accept as a great blessing. There was a large acreage of wheat sown this lest full. It has been very dry all fall. Wheat started in the winter in rather delicate condition. The thermometer registered 15 below this morning. are already dry and are expected to ratify the national amendment. Kentucky has already done so, being the first wet State to take such action. Nine other wet States are only necessary to the 36 to make the amendment operative, and judging from the signs of the times they will ratify in due season. Of the 120 counties in this State only 11 are wet and some of them only partially not some of them.

Fifty years from now the oldest inhabitant will be telling of this spell of cold weather to the surprise of the younger people. It has broken all records and established a new precedent to be talked about as long as those who have suffered it shall live. Since December 5 there has been unbroken cold and snow has covered the ground the whole time. It may prove good for the wheat, but we whose marrows have been in state of freezing for party 50 days. but we whose marrows have been in a state of freezing for nearly 50 days are unable to understand that with all our transgressions why we should be punished with weather, war and other calamities all in a bunch.

If some philantropic fellow will donate a site in Stanford for a sled factory we verily believe that such an enterprise would be launched. Fifty-odd days of snow, and the end not yet in sight, has afforded an exnot yet in sight, has afforded an ex-cellent opportunity for sleighing and many sleighs and sleds have been built and put into service. "The Stanford Sled Factory" would look good on a big building which could turn out the snow vehicles fast enough to supply the demand and make money for the promoters. make money for the promoters.

#### For a Corn-Peeling Picnic, Use "Gets-It"

Pain Eases at Once, Corn Just Dies! Do your corn-ridding easily, with a smile,—the banana-peel way. That's the "Gets-It" way,—the only way,—your corn or callus comes off complete as though it were glad to get off.

"Gets-It" has cured more corns than all other remedies combined. Its as sure as the sunrise, and as safe as water. Used by millions. Don't take a chance with your feet, you can't afford to experiment with unknown mixtures when you know "Gets-It" never fails.

"Gets-It" will remove any corn or callus. Wear those new, stylish shoes or pumps if you want to,—yo ahead and dance. Demand "Gets-It,"—throw substitutes back on the counter! 25c is all you need pay at any drug store, or it will be sent direct by E. Lawrence & Co., Chicago, Ill.

The undersigned executors will, on TUESDAY, FEBRUARY 5, 1918, beginning at 10 o'clock on the prem ises of the late John Talyor, about two miles south of Gravel Switch, offer for sale the following property: The farm on which the late John Tay lor lived at the time of his death, consisting of about 595 acres. The farm is located on the Rolling Fork and a considerable portion of it is fine bottom land, and the whole of the remainder is in grass and timber and is practically virgin soil, suscep-tible to cultivation and well adapted to tobacco, hemp and corn. The farm is located on the Gravel Switch and Caney Creek turnpike and is well watered. The improvements are good, consisting of a splendid two-story eight-room dwelling, three excellent stock barns, one tobacco barn, two tenant houses and other necessary authuildings. The fencing is all in fine condition. There is also on the farm about 250 acres of first-class oak, walnut and other hardwood timber. Said timber is a part of a virgin forest and there are five or six car-loads of black walnut alone. The farm will be offered in three tracts and then as a whole and the best price accepted. Possession of the land will be given when the terms of sale are complied with. Said executors will also offer for sale at the same time and place a quantity of farm. time and place a quantity of farming implements and household and
